Sura"s words

Now, this is the end of this webtoon. This episode was supposedly the end of "Season 1". Alas, season 2 never came.
In theory, the author could resume this webtoon at any day but a long time (4 years) has passed and it is very unlikely that this webtoon will be resumed.

You may complain and mutter but remember this webtoon was provided for free of charge and the author was an amatuer who has a full time job. The author had no professional obligation to complete this webtoon. And the same goes to scanlations I do as well.

Of course, it would have been nicer to see a work completed but life isn't always straightforward.

And finally ...

Aggregate sites can go to Hell.
